SUMMARY

I am a self-taught Front-End Web Developer, with a strong passion for coding and continuous learning. Over the past 1 year and 6 months, I have gained proficiency in HTML, CSS, JavaScript, WordPress, React,SASS, Boostrap and JQuery. I am seeking internship opportunities where I can further develop my skills, contribute to exciting projects, and grow as a developer. My dedication to self-improvement and hands-on experience drives me to stay updated with the latest technologies and best practices in web development.

EXPERIENCE

Personal Portfolio Development

January 2024 - Present, Portaoise

Built 35 websites from scratch using **HTML, CSS, JavaScript**, and **React** showcasing expertise in front-end development and responsive design.

· Independently wrote and optimized all code, ensuring clean, maintainable, and well-documented structures for each project.

· Utilized **GitHub** to host and version control all projects, maintaining a detailed repository of completed work.

Lerned Developed web projects utilizing Bootstrap, jQuery, and SASS to create responsive, interactive, and visually appealing user interfaces.

· Developed and deployed small, functional web applications to demonstrate advanced capabilities, including:

· **Custom Notes Web App**: A simple note-taking tool with local storage features.

· **Quiz Web App**: An interactive quiz application with dynamic question handling and score tracking.

· **To-Do List App**: A fully functional task management tool with real-time editing and completion tracking.

Continuously expanded technical skillset by experimenting with new technologies and modern front-end practices, staying updated on industry trends.

Front-end web developer Internship

Vimar Digital Marketing   **January 2024 - June 2024, Portlaoise, Ireland**

· Developed and updated over 70 websites using WordPress, focusing on responsive design and enhanced user experience.

· Installed and maintained plugins, ensuring website security and functionality while optimizing site performance.

· Collaborated with senior developers to implement new features and enhance existing functionalities.

· Debugged and resolved front-end issues such as cross-browser compatibility and page load speed optimization.

· Implemented SEO best practices to improve website visibility and ranking on search engines.

· Created and maintained detailed documentation on updates and changes for ease of future development.

EDUCATION

High school

St Mary's CBS · Portlaoise · 2025

SKILLS

Technical skills

HTML/CSS/JavaScript/React: Expertise in building websites from scratch using modern web development languages.

Bootstrap/JQuery/SAAS: Skilled in creating resposive designs, enhancing interactivity, and writing clean, maintable styling for the web

· **Git/GitHub**: Proficient in using GitHub for version control and hosting projects.

· **Responsive Web Design**: Skilled in creating websites that work seamlessly across different devices and screen sizes.

· **Website Maintenance**: Capable of performing routine maintenance tasks to ensure website security, functionality, and uptime.

· **SEO (Search Engine Optimization)**: Applied SEO best practices to improve website visibility and rankings.

· **Cross-Browser Compatibility**: Debugging and resolving issues related to browser inconsistencies.

· **Font Awesome**: Proficient in using Font Awesome to enhance visual design.

· **Web Application Development**: Experience building functional web applications such as custom notes app, quiz app, and to-do list app.

Soft Skills

· **Adaptability**: Ability to learn new technologies quickly and apply them effectively.

· **Collaboration**: Experience working with senior developers to enhance functionality and features.

· **Problem-Solving**: Strong debugging skills, especially in front-end development and website performance optimization.

· **Communication**: Developed strong communication skills through collaboration and working with clients or teams.

· **Attention to Detail**: Ensured clean, maintainable code and design consistency across projects.

· **Self-Motivation**: Demonstrated ability to build and manage personal portfolio projects independently.
